Why Choose IRCM?

* Insurance Risk & Claims Management Limited is the Specialist Marine and Special Risks Division of the award-winning KGJ Group of companies, an independent family owned business. In addition to providing insurance and risk management services across the whole marine sector, IRCM has been providing insurance to owners of commercial fishing vessels, tugs and passenger vessels for many years. Our management team includes personnel with experience in the wider marine industry who truly understand the needs of our customers who range from owners of individual vessels to some of the UK's largest marine businesses.

* As experienced and dedicated marine insurance brokers we have access to a number of our own specialist schemes which allow us to quote and issue documentation immediately without having to refer vessels to underwriters. We can also access facilities across the whole Marine Insurance Market to ensure we deliver the most appropriate cover at the best possible premium.

* **With full in-house claims support, insurance tailored to your precise requirements and competitive premiums, why go anywhere else?**

We're More than just a broker
